WEEKLY THEME: History Makers (True Stories and Historical Fiction)

Bear Packs	Projected Student Total:	141
Expedition Groups	Projected Student Total:	140
Space Teams	Projected Student Total:	184

WEEKLY NOTES:

This year, VBS will again be a separate (evening) experience. While that means there will be less impact on our camp day, there will still be a few things to note:

- Some campers may be going directly to VBS as we close @ 6 PM. Our staff will need to wait until 5:50 PM and then bring them to VBS, likely in the MPR or Sanctuary and get them checked in and turned over to VBS.
- We may need to break down the multi purpose room in the morning (Tuesday - Friday) and potentially help set up the multi purpose room with them (Monday - Thursday).
- There may be additional classrooms or spaces, including the stage and lobby, that will be shared for the week and set up for VBS. We will need to do our best to work around (and protect) any areas that are setup for VBS.

If this is a camper's first week, please be sure he / she still receives a camp backpack from the art teacher. Even if he / she does not get an opportunity to decorate the bag, it is still important that our new campers get a backpack in their first week. Thank you!
