2024 SUMMER CAMP ITINERARY

SESSION 3: June 17 - 21

WEEKLY THEME: VBS / VBX Week

Bear Packs	Projected Student Total:	155
Expedition Groups	Projected Student Total:	162
Space Teams	Projected Student Total:	156

WEEKLY NOTES:

There will be an alternate rotation schedule for this week due to VBS / VBX. There will be no “regular” Open Session this week. VBS will be in the Sanctuary for all groups (VBX will occur after VBS main session in Sanctuary has ended). There will still be a field trip on either Tuesday, Wednesday, or Thursday for Bear Packs and Expedition Groups. Expedition groups and some Bear Packs will not go to the close of VBS on their assigned field trip day so that they have enough time to eat lunch and prepare for the field trip before departure (see below). VBX will be Monday through Thursday. Space Teams will have an afternoon field trip on Thursday (see below) and a full day field trip on Friday (see below).

With the alternate schedule, there will be a few other accommodations needed. Please note that we will likely have to help break down the Multi Purpose in order to use it each afternoon. In addition, the Activity Room (B-101), Choir Room, and A-120 (Bear Packs Music Room) may not be available for use this week depending on the VBS setup in that room. And A-202/203 that is occasionally utilized will likely be unavailable for much of the day. Thank you all for your help and cooperation with all of the various changes to make this week possible!

If this is a camper’s first week, please be sure he / she still receives a camp backpack from the art teacher. Even if he / she does not get an opportunity to decorate the bag, it is still important that our new campers get a backpack on their first week. Thank you!

This event will be in lieu of Closing Session.
